Thanks for all your help. The Team did great. There are only 2 without anything listed which were assigned to Janet Pope. Not sure if she is trying or got confused by the caller list. I hope I'll hear from her soon.

Yes, I have completed all of my calls, and put all the notes in spreadsheet.

I reached two people in person. Both were very nice.

One number says it is out of the area or out of service, and I could not leave a message.

I left three VM messages with details of results, Open House location and hours, and my phone number to call if any questions.

Are you updating the spreadsheet? Pete said he would be keeping track of our progress on Sharepoint.

Are Alex and Andrew not making calls today? So, I should make two of the calls they are not going to make? Just want to make sure I'm not duplicating effort.

Pease start making calls this morning and recording it on the spreadsheet. The call list was sent out yesterday. Please remember to include the homes where you are designated as a backup for Alex and Andrew. Let me know if you have questions.

Attached is the approved script and the draft Q&A's for reference.

Subject: Notifications to Begin on Friday

Rita:

Please have the team begin the notification process as early as possible (i.e. 8:00) on Friday morning using the materials I circulated to everyone this evening.

Thanks.

Chris

Subject: Re: Revised Draft Script and FAQs

Hello All:

Thanks again for all your comments and suggestions. In light of this evening's public letter from Mayor Copeland regarding the drinking water issue, EPA believes it is imperative that we go forward with the notification to the homeowners as soon as possible. Consequently, EPA will be reaching out to residents beginning tomorrow (Friday) morning using the materials I circulated earlier this evening.

Thanks again,

Chris

Subject: Revised Draft Script and FAQs

Hello IDEM and East Chicago Colleagues:

In accordance with our discussion earlier today, I am attaching for your review:

1. A revised draft script. If you review it in "all mark-up" format, you will see that I have tried to show EC's and IDEM's proposed revisions and how EPA responded to them.

2. A revised draft FAQ. Anne and her team developed two versions. The first document is our attempt to reconcile all comments. Many revisions have been incorporated; but not all suggestions were accepted. The second document shows the marked-up version of Region 5's original draft with comments from the city and IDEM.

We appreciate your getting your written proposals and comments to us earlier today, and we look forward to your comments on these latest drafts.

Finally, please note that we may be getting some additional comments from our national program office.

Thanks.

Chris
